

NOTICE TO PUBLIC SERVICE ELECTRIC AND GAS COMPANY ELECTRIC CUSTOMERS

In the Matter of the Petition of Public Service Electric and Gas Company for Approval of the Next Phase of the Gas System Modernization Program and Associated Cost Recovery Mechanism ("GSMP II Extension")

(August 2025 GSMP II Extension Rate Filing)

Notice of Filing and Notice of Public Hearings

Docket No. GR25080463

PLEASE TAKE NOTICE that, on August 1, 2025, Public Service Electric and Gas Company ("PSE&G," or "Company") filed a petition and supporting documentation with the New Jersey Board of Public Utilities ("Board" or "BPU") seeking approval of cost recovery associated with its Gas System Modernization Program ("GSMP II Extension" or "Program") ("Petition").

On March 1, 2023, PSE&G filed a petition with the Board seeking approval to implement and administer the third phase of its Gas System Modernization Program and associated cost recovery for a three (3)-year period as an extension of GSMP II ("GSMP II Petition"). On February 15, 2023, New Jersey Governor Philip J. Murphy issued Executive Order 317 ("EO317"). EO317 ordered the BPU to initiate a formal stakeholder process regarding the development of natural gas utility plans that reduce emissions from the natural gas sector to levels that are consistent with achieving the State's fifty percent (50%) reduction in greenhouse gas emissions below 2036 levels by 2030, as directed in Executive Order No. 274 (2021). In light of the stakeholder process, the Board approved a stipulation of settlement seeking to hold the GSMP III Petition in abeyance while approving a two (2)-year extension of GSMP II—commencing on January 1, 2024—for the replacement of a minimum of 400 miles of PSE&G's Utilization Pressure Cast Iron mains (and associated services) and/or Unprotected Steel mains (and associated services), with a maximum accelerated investment of \$752 million ("GSMP II Extension Stipulation").

By the Petition, PSE&G seeks Board approval to recover an estimated revenue increase of approximately \$27.5 million from the Company's gas customers associated with actual GSMP II Extension investment costs incurred through June 30, 2025, and forecasted costs through October 31, 2025.

For illustrative purposes, the estimated base rates effective February 1, 2026, including New Jersey Sales and Use Tax ("SUT") for Residential Rate Schedule RSG, are shown in Table #1.

Table #2 provides customers with the approximate impact of the proposed increase in rates related to the GSMP II, if approved by the Board. The annual percentage increase applicable to specific customers will vary according to the applicable rate schedule and the customer's usage.

Under the Company's proposal, a typical residential gas heating customer using 172 therms per month during the winter months and 87 therms in an average month (1,040 therms annually) would see an increase in the average monthly bill from \$102.49 to \$103.57, or \$1.08, or approximately 1.1% (based upon Delivery Rates and BGSS RSG charges in effect as of October 1, 2025, and assuming that the customer receives BGSS service from PSE&G).

Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as a result of the Petition may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48-2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board's decision. PSE&G's gas costs addressed in the Petition and subsequent updates will remain subject to audit by the Board, and Board approval shall not preclude or prohibit the Board from taking any such actions deemed appropriate as a result of any such audit.

A copy of this Notice of Filing and Public Hearings on the Petition is being served upon the clerk, executive or administrator of each municipality and county within the Company's service territory. The Petition is available for review online at the PSEG website at <http://www.pseg.com/pseandgfilings> and has also been sent to the

New Jersey Division of Rate Counsel ("Rate Counsel"), who will represent the interests of all PSE&G customers in this proceeding. The Petition is also available to review online through the Board's website, <https://publicaccess.bpu.state.nj.us>, where it can be searched by the above-captioned docket number. The Petition and Board file may also be reviewed at the Board located at 44 South Clinton Avenue, 1st Floor, Trenton, NJ, with an appointment. To make an appointment, please call (609) 913-6298.
